

Meet the Sunshine Squad!

Hi and Dia Duit! We're CJ Star and Neeley Joy! CJ is from the United States and Neeley's from Ireland. We're excited to introduce you to the Sunshine Squad and let them tell you a little bit about themselves.

Bonjour! My name is Percy and I'm French. Did you know that my sense of smell is about 40 times better than a human, and that I can be identified by my nose print like you can by a fingerprint?

Shalom! My name is Gilead and I'm from Israel. Did you know that geckos have sticky toes that help us cling to almost any surface, except Teflon?

Kon'nichiwa! I'm Sachi and I am Japanese. Did you know there are almost 43,000 kinds of snails in the world? Snails can live for 15-20 years, thriving in the ocean, in fresh water, and on land.

Ciao! My name is Fendi and I'm Italian. Did you know that a family of foxes is called a *skulk* or a *leash*? We can travel up to 30 miles a day, and we can run up to 42 miles per hour.

Guten Tag! My name is Henry and I'm German. Did you know a group of hedgehogs is called an *array*? I have more than 5000 spines on my back and I can walk up to 2 miles a day foraging for food.

Barevi! I'm Calliope and my name means "beautiful voice." Did you know that a group of cats is called a *clowder* — or that cats spend about 70% of their lives asleep and can sprint up to 31 mph?

Yassas! I'm Leora Llama and I'm from Greece. Did you know that llamas can hum? We are very social animals, our babies are called *crias*, and we live approximately 20 years.
