

## Color By Number - Time to Create

Coloring by Number is a fun way to help pass the time on a rainy day, when you're not feeling your best, when you have to wait patiently, or when your hands just want to color.

Did you know that coloring helps us slow down, calm down, and pay attention to what is right in front of us? It also helps us learn patience, improve our eye-hand coordination, and encourages us to see with *the eyes of an artist*.
