

# SONSHINE SQUAD WEATHER SNACKS

Have you ever heard of weather snacks? The Sonshine Squad has a lot of fun creating snacks that “match the day.” CJ Star loves to make banana slice clouds and blueberry raindrops on rainy days. If it’s a thunderstorm kind of day, Obediah Owl is in the kitchen cutting out bread clouds and cheese lightning (adding golden raisin raindrops) for all his friends. Neeley Joy makes the snacks on sunny days, putting a cracker in the center of a plate and baby carrots around it like a burst of bright sunshine! What’s your favorite weather snack?
