

WRITE YOUR OWN SECRET CODE!

Writing in secret code is so much fun! It's a language all your own. You can send secret code letters to a friend or a sibling, using your code to write about something hard or sad that you're not quite ready for someone else to read.

Are you ready to become a Sonshine Squad Super Sleuth?

In the box below each letter, number, or punctuation symbol, draw a *shape* (like a heart, circle, or triangle), a *line* (like a wavy line, dashed line, or diagonal line), or make up *your own symbol*. Keep it simple enough to draw each time that letter is used in your secret code notes.

Write your first secret message when you've filled in all the boxes! Share the code with your mom or dad and have them write a secret message to you. Have fun!

FINGERPRINT FLOWER

MAKE A FLOWER WITH ALL YOUR FAVORITE COLORS

God sends the rain and sun so His flowers bloom and grow. Ask your favorite adult to help you make a fingerprint flower with all your favorite colors. Dip your finger in paint and use it to add a fingerprint petal to the end of each line, like the one you see below. (You can paint your fingerprint over the top of that one, too!) You can also make a Shape Flower by drawing different shapes in different colors at the end of each line. Have fun!
